with Council Decision 1999/468/EC of 28 June 1999 laying down the procedures for the exercise of implementing powers conferred on the Commission⁹.

- (2) Decision 1999/468/EC has been amended by Decision 2006/512/EC, which introduced the regulatory procedure with scrutiny for measures of general scope intended to amend non-essential elements of a basic instrument adopted in accordance with the procedure referred to in Article 251 of the Treaty, including by deleting some of those elements or by supplementing them by the addition of new non-essential elements.
- (3) In accordance with the joint statement of the European Parliament, the Council and the Commission on Decision 2006/512/EC¹⁰, instruments which are already in force must be adjusted in accordance with the applicable procedures in order to replace the regulatory procedure provided for in Article 5 of Decision 1999/468/EC by the regulatory procedure with scrutiny, in all cases where measures fall within its scope.
- (4) The statement comprises a list of instruments to be adapted as a priority, including Directive 2005/32/CE. Adapting this Directive requires adapting Directives 92/42/EEC, 96/57/EC and 2000/55/EC.
- (5) In particular, power should be conferred on the Commission to amend or repeal Directives 92/42/EEC, 96/57/EC and 2000/55/EC. Such amendment or repeal shall be decided in accordance with the regulatory procedure with scrutiny provided for in Article 5a of Decision 1999/468/EC.
- (6) Directive 2005/32/EC and Directives 92/42/EEC, 96/57/EC and 2000/55/EC must be amended accordingly.
- (7) Since the amendments made to Directive 2005/32/EC, as well as to Directives 92/42/EEC, 96/57/EC and 2000/55/EC, by this Directive are technical in nature and concern committee procedures only, they do not require transposition by the Member States. Therefore it is not necessary to establish provisions for this purpose,
